Protect Your Loan.

GAP and MRC protection give added peace of mind.

You can add these coverages to any auto or motorcycle loan you have at Security Credit Union. They're affordable and make good financial sense.

But why are they such a good idea?

GAP (Guaranteed Asset Protection) – Pays the difference between your automobile insurance settlement and remaining loan balance if your vehicle is stolen or damaged beyond repair from an accident. This means you don't pay out-of-pocket for an amount you may still owe on the loan.

MRC (Mechanical Repair Coverage) – Pays for costly repairs and keeps your vehicle running smoothly, for added safety, reliability, and longevity. With different coverage levels and deductibles, there's a plan right for your budget. Keep your loans protected with affordable GAP and MRC coverage.
